Please note that The Museum will be **closed** from **Friday December 22nd 2017 at noon**, and it will reopen on **Tues January 2nd 2018** at 8:30am.

The Miller Museum is located in the Department of Geological Sciences and Geological Engineering at Queen's University in Kingston, Ontario, Canada. Please note that the museum is closed on statutory holidays.

The museum features many fossil and mineral displays, an extensive Geology of the Kingston Area exhibit, a dinosaur exhibit, and a new interactive exhibit featuring an [Augmented Reality Sandbox](#) in which the topographic map data is projected and updated in real time on the landscape of hills and valleys built by the visitor in a real sandbox.

Visit us in person from 8:30am-4:30pm weekdays. For self-guided tours there is no admission charge, but [educational programs](#) during guided group-tours are available for a fee (booked in advance) by calling 613-533-6767, or emailing Mark Badham at badhamm@queensu.ca.
